PROFESSIONAL SUMMARY

Computer Science Engineering student with strong foundations in Java, Object-Oriented Programming, Data Structures, DBMS, REST APIs, and full-stack development. Skilled in developing responsive web applications and backend services using Java, Spring Framework, Spring MVC, React.js, JavaScript, Node.js, and MySQL. Strong problem-solving and debugging abilities with hands-on experience through projects, internships, and hackathons.

TECHNICAL SKILLS

Languages	Java, Python, C++
Frontend Development	HTML5, CSS3, JavaScript, React.js
Backend Development	Spring Boot, Spring Framework, Spring MVC, Node.js, REST APIs, JDBC
Database	MySQL
Tools	Git, GitHub, VS Code, Postman
Core Concepts	Data Structures and Algorithms, OOP, DBMS, Collections, Exception Handling, Operating Systems
Soft Skills	Problem Solving, Communication, Teamwork, Adaptability, Time Management
Hobbies	Coding, Exploring New Technologies, Problem Solving

EDUCATION

B.Tech in Computer Science Engineering — 2023 – 2027
Malla Reddy University, Hyderabad — **CGPA: 9.16**

Intermediate Education — 2021 – 2023
Sri Chaitanya Junior College, Palakollu — **93.8%**

Secondary School Education (SSC) — 2020 – 2021
ZPHS Chinchinada — **CGPA: 10.0**

PROJECTS

Season Guard – Disease Awareness and Prevention Platform *React.js, Node.js, MySQL*

- Developed a full-stack web application providing seasonal disease awareness, prevention guidelines, and health-related information.
- Built responsive and interactive interfaces using React.js, HTML5, CSS3, and JavaScript to improve accessibility and user experience.
- Developed REST APIs using Node.js and integrated MySQL for efficient storage and retrieval of application data.
- Implemented modular backend architecture following software engineering principles to improve maintainability and scalability.
- Used Git and GitHub for version control and project management.

Library Management System *Java, MySQL, HTML, CSS*

- Developed a Library Management System using Java and MySQL to automate book and student record management.
- Applied Object-Oriented Programming principles to build reusable and maintainable Java modules.
- Implemented CRUD operations for managing books, students, issue records, and return records efficiently.
- Designed and integrated a relational MySQL database for secure and efficient data management.
- Developed a clean and user-friendly interface using HTML and CSS for smooth library operations.

INTERNSHIPS

Java Full Stack Virtual Internship – EduSkills Academy

- Completed a 10-week virtual internship focused on Java Full Stack Development.
- Gained practical exposure to Core Java, Spring Boot, Hibernate, MySQL, HTML, CSS, and JavaScript.

CodSoft Virtual Internship – Web Development Intern

- Worked on responsive web pages and frontend development projects.
- Enhanced practical skills in HTML, CSS, JavaScript, and UI development.

CERTIFICATIONS

- Programming Using Java – Infosys Springboard
- Data Structures and Algorithms Using Java – Infosys Springboard
- CS50 Database with SQL Certificate – Harvard University
- CS50 Python Programming Certificate – Harvard University
- GOOGLE Agentathon 2025 – Participant

ACHIEVEMENTS

- National Means-cum-Merit Scholarship (NMMS), Ministry of Education, Govt. of India – Awarded a merit-based scholarship of Rs.12,000 per year for 4 years based on academic merit.
- Winner – Hackathon 2K25 Web Development Challenge conducted by Malla Reddy University.
