DURGA MANOHAR MALLELLI

+91 8328291394 — durgamanoharmallelli@gmail.com — DurgaManohar$_{1}$5 — DurgaManoharMallelli

PROFESSIONAL SUMMARY

Computer Science Engineering student graduating in 2027 with strong foundations in Software Engineering, Java, OOP, Data Structures, Algorithms, and DBMS. Hands-on experience designing and implementing full-stack applications using React.js, Node.js, Express.js, REST APIs, and MySQL. Experienced in modular architecture, authentication, CRUD workflows, debugging, API testing, and maintainable software development. Strong analytical, problem-solving, communication, and teamwork abilities.

TECHNICAL SKILLS

Languages	Java, JavaScript, SQL
Software Engineering	OOP, Data Structures and Algorithms, DBMS, Collections, Exception Handling, Operating Systems
Testing & Quality	Test Case Design, Unit Testing, Functional Testing, API Testing, Test Automation, Debugging
Backend Development	Node.js, Express.js, RESTful APIs, CRUD Operations, JDBC
Frontend Development	React.js, HTML5, CSS3, JavaScript, Responsive Web Design
Frameworks	Spring Framework, Spring MVC
Databases	MySQL, Relational Database Design, SQL Queries
Performance & Operations	Performance Analysis, Metrics, Monitoring, Operational Excellence
Tools	Git, GitHub, VS Code, Postman

EDUCATION

B.Tech in Computer Science Engineering — **2023 – 2027**
Malla Reddy University, Hyderabad — **CGPA: 8.82**

Intermediate Education — **2021 – 2023**
Krishnaveni Junior College, Khammam — **97.4%**

Secondary School Education (SSC) — **2020 – 2021**
ZPHS Thumburu — **CGPA: 10.0**

PROJECTS

STAY SYNC – Student Hostel & PG Finder System *React.js, Node.js, Express.js, MySQL*

- Designed and implemented a full-stack platform using React.js, Node.js, Express.js, and MySQL for student hostel and PG discovery.
- Developed modular frontend and backend components with RESTful APIs for user, hostel, and booking workflows.
- Implemented JWT authentication and role-based access control for student and admin workflows.
- Designed a normalized MySQL database for users, colleges, hostels, and bookings to maintain data integrity.
- Validated API and application workflows through functional test cases, debugging, and incremental development.

Season Guard – Disease Awareness & Prevention Platform *React.js, Node.js, MySQL*

- Developed a full-stack web application for seasonal disease awareness, prevention guidelines, and health information.
- Built reusable React.js components and responsive interfaces using HTML5, CSS3, and JavaScript.
- Developed REST APIs using Node.js and integrated MySQL for application data storage and retrieval.
- Applied modular architecture and separation of concerns to improve maintainability and scalability.
- Performed functional validation and debugging to identify and resolve application issues.

CERTIFICATIONS

- **Java Full Stack Internship Credential** – EduSkills Academy
- **Programming Using Java** – Infosys Springboard
- **Data Structures and Algorithms Using Java** – Infosys Springboard
- **CS50 Database with SQL Certificate** – Harvard University

ACHIEVEMENTS

- **Winner** – Hackathon 2K25 Web Development Challenge, Malla Reddy University.
- **National Means-cum-Merit Scholarship (NMMS)** – Ministry of Education, Govt. of India; awarded Rs. 12,000/year for 4 years based on academic merit.

SOFT SKILLS

Problem Solving — Analytical Thinking — Communication — Teamwork — Leadership — Self-Motivation
