PROFESSIONAL SUMMARY

Computer Science Engineering student graduating in 2027 with strong academic foundations in Operating Systems, Computer Networks, DBMS, Java, and Software Engineering. Hands-on experience developing and troubleshooting full-stack applications using Java, React.js, Node.js, Express.js, REST APIs, and MySQL. Strong understanding of system troubleshooting, database management, client-server architecture, cloud fundamentals, and application support. Analytical problem solver with strong communication, teamwork, adaptability, and willingness to learn new technologies.

TECHNICAL SKILLS

Programming	Java, JavaScript, SQL, PowerShell Fundamentals
Infrastructure Fundamentals	Windows, Operating Systems, Computer Networks, DNS, DHCP, Client-Server Architecture
Cloud Fundamentals	Microsoft Azure, AWS, Cloud Computing Concepts
Monitoring & Troubleshooting	System Troubleshooting, Server Monitoring Concepts, CPU/Memory/Disk Utilization, Root Cause Analysis
Web & Database Technologies	IIS Concepts, Apache Concepts, MySQL, SQL Server Concepts, Relational Database Design
IT Operations	Incident Troubleshooting, Service Requests, Documentation, Process Improvement, Automation Concepts
Software Development	OOP, Data Structures and Algorithms, REST APIs, CRUD Operations, Debugging
Tools	Git, GitHub, VS Code, Postman

EDUCATION

B.Tech in Computer Science Engineering — **2023 – 2027**
Malla Reddy University, Hyderabad — **CGPA: 9.16**

Intermediate Education — **2021 – 2023**
Sri Chaitanya Junior College, Palakollu — **93.8%**

Secondary School Education (SSC) — **2020 – 2021**
ZPHS Chinchinada — **CGPA: 10.0**

PROJECTS

Season Guard – Disease Awareness & Prevention Platform *React.js, Node.js, MySQL*

- Developed a full-stack web application using React.js, Node.js, and MySQL for seasonal disease awareness and prevention information.
- Built responsive interfaces and integrated REST APIs for reliable frontend-backend communication.
- Integrated MySQL for structured data storage and retrieval and resolved application-level database and API issues.
- Applied modular architecture and separation of concerns to improve maintainability and scalability.
- Performed application troubleshooting, debugging, and functional verification to improve application reliability.

Library Management System *Java, MySQL, HTML, CSS*

- Developed a Java and MySQL-based Library Management System to automate book and student record management.
- Applied Object-Oriented Programming principles to build reusable and maintainable Java modules.
- Implemented CRUD operations for books, students, issue records, and returns.
- Designed a relational MySQL database for efficient and reliable data storage and management.
- Performed functional validation and debugging of application workflows.

INTERNSHIPS

Java Full Stack Virtual Internship – EduSkills Academy

- Completed a 10-week virtual internship focused on Java Full Stack Development.
- Gained exposure to Core Java, Spring Boot, Hibernate, MySQL, HTML, CSS, JavaScript, debugging, and application development.

CodSoft Virtual Internship – Web Development Intern

- Developed responsive web pages and frontend projects using HTML, CSS, and JavaScript.
- Practiced UI development, debugging, and responsive web design.

CERTIFICATIONS

- Programming Using Java – Infosys Springboard
- Data Structures and Algorithms Using Java – Infosys Springboard
- CS50 Database with SQL Certificate – Harvard University
- CS50 Python Programming Certificate – Harvard University
- GOOGLE Agentathon 2025 – Participant

ACHIEVEMENTS

- **Winner** – Hackathon 2K25 Web Development Challenge, Malla Reddy University.
- **National Means-cum-Merit Scholarship (NMMS)** – Ministry of Education, Govt. of India; awarded Rs. 12,000/year for 4 years based on academic merit.

SOFT SKILLS

Problem Solving — Troubleshooting — Communication — Teamwork — Adaptability — Self-Motivation
